## Custom Sheeting

### SUBSTRATES

- **SBS** - Solid Bleached Sulfate
- **BCTMP** - Bleached Chemi-ThermoMechanical Pulp
- **CUK** - Coated Unbleached Kraft
- **CCLB** - Clay Coated Light Back
- **CCNB** - Clay Coated News Back
- **CCKB** - Clay Coated Kraft Back
- **URB** - Uncoated Recycled Board

### BENEFITS

Get press ready paper with less waste. For every inch removed from the sheet, it can save up to 3% of the material cost. That can be the difference between winning and losing a job!

- Enhanced productivity
- Reduced waste
- Lower material costs
- Job ready skids

### MINIMUMS & LEAD TIMES

Our minimum is just ONE sheet! The lead time will vary based on substrate, requested quantity, and production schedule. Please contact our team for an estimated ETA for your next order.

## Let us find your perfect fit

With Perfect Fit Custom Sheeting, we produce custom-sized paper and board stock that meets the unique specifications of your project. This means you get press-ready paper with less waste. By minimizing waste and utilizing resources more efficiently, custom sheeting can contribute to more sustainable and eco-friendly practices.

Perfect Fit is the custom products we produce in-house: Sheets, Rolls, Envelopes, and Prototypes. Contact our team to get started.
